HISTORY

Since 2010, we are teaching German in Jaipur. In this short span of time more than 500 Students have learned German at E-Language Studio in Jaipur. Many of these students are today in Europe. Some students are also working in German MNCs in India.

OUR GOAL

We believe that students come to us with lots of expectations and aspirations to learn German. For many of you it is a turning point to make career. So being in this prestigious noble field of academics we try to do justice to you. For us teaching is a joy and happiness which we feel while serving and sharing the knowledge.

SMART CLASSROOM

In our classes we do use audio-visual interactive methods. We share the soft material (Dialogs, German serials, Films, interviews made for learning German) with our students free of cost. Time to time we invite German native speakers and other German experts for special lectures and interactions also.

FACULTY

With our almost four year experience in teaching German we know that only a satisfied and happy student will recommend our name further and this way will save our advertisement cost. So we make sure that only a motivated and skilled German expert teaches here. Our teachers have completed their German studies at University level and at the same time also done internationally recognized Goethe Certificates from MMBs. Mr. Devkaran Saini and Ashok Kataria are teaching here as permanent faculties. Our part time teachers also have to prove their German skills and capabilities in every new batch.
